

Founder Proof of Concept

This document certifies that the concept, structure, and intellectual framework for Olympus and Companies

was developed and authored by Hovik John Mkrtchian (Username: Blue), born November 22, 1993.

This file serves as a timestamped claim of authorship and ownership for the Olympus virtual labor economy platform,

including all derived modules, systems, and sub-brands including Meta App Builder, IPO Compass, OX Intel, and others.

Any unauthorized use, replication, or adaptation of these ideas is a direct violation of international intellectual property rights.

Date of Filing: July 12, 2025
